Open to Remote Opportunities • Open to Relocation — PAN India

PROFILE

Full Stack Developer with professional startup experience building scalable, responsive, and database-driven web applications using React.js, Next.js, Node.js, Express.js, and MongoDB. Experienced in developing REST APIs, authentication systems, admin panels, business workflows, and responsive UI/UX across the full development lifecycle.

PROFESSIONAL EXPERIENCE

Full Stack Developer — Venturing Digitally Pvt. Ltd., Jamshedpur, India *Jul 2026 – Present*

- Developing full-stack applications using React.js, Next.js, Node.js, Express.js, JavaScript, and MongoDB.
- Developing and integrating REST APIs, authentication, database operations, and business workflows.
- Building responsive, reusable UI components and administrative dashboards for centralized data and business management.
- Working across frontend, backend, database, API integration, testing, debugging, code reviews, and deployment.
- Collaborating with cross-functional teams using Agile Scrum and Git/GitHub-based development practices.

Full Stack Developer Intern — Infotact Solutions, Bengaluru, India *May 2025 – Jul 2025*

Cartify — Full-Stack E-Commerce Platform | React.js, Node.js, Express.js, MongoDB, Bootstrap

- Developed a full-stack e-commerce platform featuring authentication, product management, search, filtering, cart, and payment integration.
- Built REST APIs using Node.js and Express.js and implemented JWT authentication with MongoDB integration.
- Developed responsive React.js interfaces integrated with backend APIs. Live: cartify-frontend-sable.vercel.app

PROJECTS

1. Swarn Bharat One — Full-Stack Multi-Sector Ecosystem Platform — Live: Website | Admin Panel

Next.js, React.js, JavaScript, Node.js, Express.js, MongoDB, Mongoose

- Developing a centralized multi-sector ecosystem integrating Careers, Rewards, Foundation, Offers, Contact, and business services, with a separate Admin Panel for centralized management of users, content, applications, and rewards.
- Building REST APIs, MongoDB data models, centralized user identity, and referral/rewards infrastructure with a focus on premium UI/UX and maintainability.
- Designing responsive and reusable UI components across modules while ensuring performance and code consistency at scale.

2. Khetan Admin Panel — Business Management & Rewards Platform — Live: 187.77.142.79:3000

React.js, Node.js, Express.js, MongoDB

- Built an admin dashboard for products, users, reviews, rewards, and redemption requests, developing REST APIs and MongoDB-backed data models supporting administrative workflows.
- Designed responsive, role-based interfaces and integrated frontend components with backend APIs to streamline business operations.
- Collaborated using Git/GitHub for version control while debugging and testing features to ensure reliable, maintainable releases.

3. Bhagat Engineering — Corporate Website — Live: bhagatengg.in

Next.js, React.js, Tailwind CSS, JavaScript

- Developed a responsive corporate website with reusable components and dynamic services, gallery, projects, and company information pages.
- Optimized performance, SEO, accessibility, and page loading speed for an improved user experience.
- Collaborated with stakeholders to translate business requirements into a clean, maintainable Next.js/React.js codebase.

EDUCATION

Bachelor of Technology — Computer Science, RVS College of Engineering & Technology, Jamshedpur *Jul 2022 – Jul 2026*

CGPA: 7.2 / 10

Intermediate (ISC), Andhra Association English School, Jamshedpur *Mar 2020 – Mar 2022*

84.0%

TECHNICAL SKILLS

Languages: Java, JavaScript, HTML5, CSS3
